14580 Lakeshore Drive  
CLEARLAKE, CALIFORNIA 95422  
(707) 994-2393

## RATES AND INITIAL SERVICE METER INSTALLATION FEES EFFECTIVE MARCH 1, 2017

WATER CONSUMPTION IS CURRENTLY \$3.30 PER 100 CUBIC FT. (748 GALS.)  
OF USAGE BILLED IN ADDITION TO THE MONTHLY BASE RATES

METER SIZE INSIDE DIAMETER	GALLONS PER MINUTE (GPM)	BASE RATE MONTHLY	CONNECTION FEES 150.00/GAL. FEES PLUS TIME & MATERIALS
5/8"	20GPM	\$36.30	\$4,485
3/4"	30GPM	\$51.70	\$6,728
1"	50GPM	\$82.50	\$11,213
1 1/2"	100 GPM	\$159.95	\$22,425
2"	160 GPM	\$252.60	\$35,880
3"	320 GPM	\$499.65	\$71,760
4"	500 GPM	\$777.60	\$112,125

There is a \$75.00 fee for each Share of Stock on a New Meter Installation, one Share of Stock per parcel. This fee is in addition to the initial connection fee.

It is the customer's responsibility to determine peak meter flows in GPM.

The installation of two or more 5/8" and 3/4" and all meters 1" and greater is to be installed by the developer, under Highlands Water Companies supervision and specifications.

Backflow Device and valve assemblies **MUST** be installed when required. The requirement basis for the need of backflow prevention as well as the type of backflow device specifications will be determined by Highlands Water Company.

All price quotes are subject to change.

New customers will be responsible for upgrading distribution system to meet meter and fire flow requirements.

*Revised Regular Meeting January 25, 2017*
